7) **CERTIFICATE OF APPROPRIATENESS**
   
   **A. Hidden Treasures Trailhead Project**
   This is a Public Works project. CDOT approved the access permit, but had a caveat in the paperwork requiring that the City show if the parking lot on Highway 119 will impact the historic viewshed. Our Historic Preservation Consultant, Deon Wolfenbarger, suggested we contact Stolfus to assist us in preparing the Section 106 for submission. Chairman Hailey offered to be a point of contact with CDOT, as needed.

   **B. 130 Chase Street – Site Work**
   The homeowners have submitted an application for a Site Work Certificate of Appropriateness. They want to do extensive renovation to their yard. It was suggested by the mayor that applications of this nature could be reviewed administratively and the application fee for residents in the Historic Residential District could be reduced or waived. A draft ordinance with these changes to the Municipal Code has been sent to the City Attorney for review.

8) **RECOMMENDATIONS FOR LOCAL HISTORIC DESIGNATION**
   
   **A. Bohløil Portal**
   Chairman Hailey stated that she and the Mayor would likely not be doing extensive research on this project during the summer, but would look through some old documents and photos for preliminary research.
