City Attorney Hoffmann started this introduction by stating that The Green Solution (TGS) has been approved for their Transfer of Ownership License from 5B1S. He said TGS and staff have reviewed our Marijuana Code and agree updates were needed. Most of the changes were administrative from what the Clerk’s office has done in practice, and the other change was being requested to be consistent with current State law in regards to the amount of marijuana sold in a single transaction to non-Colorado residents. Mr. Hoffmann said the current code listed the original amount from several years ago.

PUBLIC HEARING: Mayor Spellman declared a Public Hearing on CB16, a Bill for an Ordinance amending Article XVIII of Chapter 6 of the Black Hawk Municipal Code regarding Retail Marijuana Establishments open and invited anyone wanting to address the Board either “for” or “against” the proposed ordinance to come forward.

City Clerk/Administrative Services Director Greiner introduced this item. City Attorney Hoffmann added that the Sports Betting question, if approved, would only be effective if the authorization and tax on Sports Betting is approved statewide; if not approved, then this local approval would not go into effect.

Mayor Spellman noted Casino General Manager Turlan in the audience who looked a bit surprised about the Device Tax question. He assured him that this was being done in conjunction with the Sports Betting question due to the costs of holding an election and that the City just wants the authorization at this time. C. Resolution 50-2019, A Resolution Conditionally Approving a Certificate of Architectural Compatibility for an Amendment to the Comprehensive Sign Plan for the Isle of Capri/Eldorado Casino

Mayor Spellman read the title and opened the public hearing.

Baseline Engineering Consultant Harris explained the applicant’s submittal and went through staff’s presentation. The applicant is rebranding from the Isle Casino to Eldorado Resorts. He said their original sign plan in 2011 had included a variance for additional signage square feet. 2,401 s.f. is allowed with the approved variance, 2,040 s.f. is the existing square feet currently being used, and 2,180 s.f. is proposed, so the applicant is still under their allowance of 2,401 s.f. There are two signs that appear to project into the City’s right-of-way (ROW) that would require a License Agreement. He said one of the three conditions listed on the proposed resolution is for the applicant to reaffirm the property lines, and if any of the signs protrude into the City’s ROW, then to seek out a License Agreement with the City.

Rodney Turlan, Vice President and General Manager of the Isle and Lady Luck Casinos located at 401 Main Street, was present to answer any questions. He added that although this is a rebranding, it needs to be done due to the age of the signs. He said they are looking for a fresher look for the community, and he believes the new signs will help with traffic flow.

The City will retain the security for the remaining public improvements and the warranty period. He said the security previously held for the Dakota project, minus $60,000, will be transferred to secure the remainder of the Canyon project, so they can release their performance bond. He said this Fifth Amendment extends the public improvements now to November 2019 and provides the same warranty language as the Dakota project, dependent on the materials used. He said this will allow their performance bond to be released and to be replaced by the cash previously securing the Dakota project, but he stressed it does not release any current security on the Canyon project.
